Call for Applications:
Assistant Professor (Full-time) Position

Shinagawa Laboratory, Department of Computer Science,
Graduate School of Information Science and Technology, The University of Tokyo
(System Software Field)

1.	Title and Number:	One full-time Assistant Professor position
2.	Starting Date:	As early as possible on or after December 1, 2025 (negotiable)
3.	Term of Appointment:	Five years
4.	Renewal:	Renewal may be allowed once only, with the renewed term set at five years. The decision on renewal shall be made based on a comprehensive evaluation of factors including the progress of the work in which the employee is engaged, job performance, work attitude, health condition, budgetary status, and the volume of work at the end of the contract period.
5.	Trial Period:	Fourteen days from the date of appointment
6.	Work Location:	Hongo Campus, The University of Tokyo 7-3-1 Hongo, Bunkyo-ku, Tokyo *Note: The work location may be changed as specified by the University of Tokyo. As a general rule, assignments or transfers will not be made without the individual's consent, in accordance with Article 4 of the University of Tokyo Employment Regulations for Faculty Members.*
7.	Job Description:	The successful candidate will engage in research and education in the field of system software at the Department of Computer Science, Graduate School of Information Science and Technology, including teaching responsibilities for the "System Programming Experiments" course. *Note: Reassignments or concurrent duties may be ordered, but in principle not against the individual's will, as per Article 4 of the University of Tokyo's Employment Regulations for Faculty Members.*
8.	Working Hours:	The position is subject to the discretionary labor system for professional work, and the appointee is deemed to have worked 7 hours and 45 minutes per day.
9.	Holidays:	Saturdays, Sundays, national holidays, and Year-end and New Year holidays (December 29 – January 3)
10.	Leave:	Annual paid leave, special leave, etc.
11.	Salary:	Determined based on academic background and work experience. A salary increase system is available.
12.	Allowances:	Includes biannual bonuses, a commuting allowance (up to JPY 55,000 per month, subject to conditions), and other allowances as specified by the University.
13.	Social Insurance:	Enrollment in the Mutual Aid Association of the Ministry of Education, Culture, Sports, Science and Technology, as well as employment and workers' compensation insurance in accordance with legal requirements.
14.	Qualifications:	1. Applicants must hold a doctoral degree by the time of appointment. 2. Applicants must have a proven track record in system software research. 3. Applicants must have sufficient proficiency in Japanese to conduct lectures, supervise students, and fulfill administrative responsibilities.
15.	Application Documents:	1. Standard CV form of The University of Tokyo https://www.u-tokyo.ac.jp/en/about/jobs.html 2. Research experience and publication list

3. Summary of previous research and programming experience (approximately two A4 pages, clearly explaining how the candidate meets the qualifications)
4. Research plan (within one A4 page)
5. Names, affiliations, and contact details of two professors who can provide references
6. Declaration regarding any past criminal, administrative, or disciplinary sanctions related to sexual harassment, sexual violence, etc.

16. Application Method:	Applications will be accepted only via electronic submission through the JREC-IN Portal. Please combine all application documents into a single file before submission. JREC-IN URL: https://jrecin.jst.go.jp/seek/SeekJorDetail?id=D125060863&ln=1
17. Application Deadline:	Sunday, August 31, 2025 (JST) Applicants will be screened based on submitted documents, and selected candidates will be invited for an interview. The position may be closed as soon as a suitable candidate is selected.
18. Contact:	Department of Computer Science, Graduate School of Information Science and Technology, The University of Tokyo 7-3-1 Hongo, Bunkyo-ku, Tokyo 113-0033 Contact: Prof. Issei Sato Phone: +81-3-5841-4124 Email: head [at] is.s.u-tokyo.ac.jp (Replace [at] with @)
19. Recruiting Institution:	National University Corporation The University of Tokyo
20. Smoking Policy:	Smoking is prohibited on campus, except in designated outdoor areas.
21. Notes:	- Personal information obtained will be used solely for the purpose of personnel selection. - In accordance with the "Declaration on Gender Equality Acceleration at the University of Tokyo" (March 3, 2009), we welcome proactive applications from women. - In the case of maternity/childcare/long-term care leave, the contract period may be extended accordingly (based on Article 3 of the University's Regulations on Term of Appointment for Faculty). Details are negotiable. - If, at the time of appointment, the candidate has an individual contract with a foreign corporation or foreign government, or receives monetary or other significant benefits from such entities, the sharing of certain technologies may be restricted under the Foreign Exchange and Foreign Trade Act of Japan. As a result, it may become difficult to fulfill duties as a faculty member of the University. In such cases, the candidate must ensure that such contracts or benefits remain within a scope that does not hinder the sharing of technologies necessary for the performance of their duties.
