TOKYO COLLEGE

共に考える未来　Shaping the Future Together

Tokyo College Guest Professor

Online Event

Cities as Transformative Agents for Climate Safe Future

Cities are more than places or collections of people and infrastructure; they can be transformative agents for a climate-safe future. This talk explores conceptual and empirical advances in understanding how cities can change their development trajectories, collaborate and build networked resilience, and accelerate broader transformations towards a sustainable and climate-safe future.

2026. 12.2 [Wed.]
16:00-17:00 JST
